Tokyo, Japan
Phone : +81-3-5800-0241

An important question.

“What happened?”

Is the question which **MeRIT**'s researchers are trying to answer.
Please talk to us when you need our assistance in addressing potential problems resulting from natural phenomena, and we can help you to adequately deal with uncertainties.

Services

- ✓ Meteorological Data Service
- ✓ Climate assessment of structural safety
- ✓ Environmental Surveillance
- ✓ Observations
- ✓ Wind distribution in map considering topographical features.

Observations

- ✓ Meteorological Investigation, using anemometers and other meteorological instruments.

Consulting

- ✓ Climate assessment of structural stability.
- ✓ Research on past Climate
- ✓ Environmental Surveillance
